Objective Reviews

The menu at Las Espadas - Brazilian Steakhouse perfectly captures the essence of Brazilian churrascaria dining, offering a delightful mix of flavors and textures that

celebrate grilled meats and vibrant sides. The highlight, of course, is the **Bufette de Espadas**, where a variety of expertly seasoned and flame-grilled meats are carved tableside, creating an immersive experience for meat lovers. Each cut is juicy, tender, and full of smoky aroma, enhanced beautifully by the restaurant's signature **Hot Sauce Chicken Tenders and Fries**, a fiery and satisfying dish that adds a playful twist to the traditional lineup.

Complementing the meats is the **Salad Bar** or **Barra de Ensaladas Con Diversas Espadas de Carne**, which offers a refreshing contrast with its colorful assortment of greens, grains, and Brazilian-inspired accompaniments. This balance between hearty and light dishes ensures that every plate feels personalized and complete.

To elevate the dining experience, guests can pair their meal with a glass of **Vino** or the fruity and aromatic **Clericot la Espada**, both of which complement the smoky, savory notes of the grilled meats. For those who prefer a sweeter finish, the creamy **Pudin** offers a comforting touch, while the **Carajillo**-a rich espresso cocktail with a hint of liqueur-provides a bold yet smooth finale.

Altogether, the menu at Las Espadas reflects a well-crafted harmony between tradition and indulgence, where every dish, from the skewered meats to the thoughtful desserts and drinks, captures the warm, generous spirit of Brazilian dining.
